## Corn Belt Grown

J. H. HEBERLING

EASTON, ILLINOIS

**AWARDED ACHIEVEMENT MEDAL AT ILLINOIS GLADIOLUS  
SHOW, GALESBURG, ILLINOIS, AUGUST 13 and 14, 1930**

**FOR WINNING THE HIGHEST NUMBER OF POINTS IN THE  
PROFESSIONAL DIVISION**

### TO OLD CUSTOMERS

Many thanks for your orders last Spring. Here is hoping that you have had good results with the stock you purchased of me (as many have whom I have heard from) and to assure you that I stand back of my stock ready to make good should the fault be mine. And further, that I may have the pleasure of again serving you.

### TO NEW CUSTOMERS

I am offering the best in exhibition, rare and standard Gladiolus that I believe without exaggeration I can call them SUPER bulbs and you will agree with me when you receive your order. Send in your order early to avoid disappointment and I will ship same near November 10th (unless directed to hold until Spring) and if you are not more than satisfied with quality of stock, count and extras return it promptly and I will cheerfully refund your money.

### HOW STOCK IS GROWN

First, all stock is treated with Semesan before planting, to insure healthy, vigorous bulbs. All planted on new clover sod soil on which Glads have never before been grown.

### KIND OF STOCK PLANTED

With the exception of a few large bulbs for exhibition, I plant only No. 5 and No. 6 stock and bullets to insure young healthy, vigorous stock for my customers. I offer practically all virgin bulbs. Full of beauty, life and vitality.

### WHAT I HARVEST AND SHIP TO CUSTOMERS

Bulbs, plump, high crowned and clean. The kind that win the prizes. The kind you like to buy.

### WEATHER

This season has been generally dry over a large part of the United States, consequently growing conditions have not been ideal. Fortunately, several years ago I had installed a Skinner Irrigation System and all of my more valuable stock is grown under this System. It has proved its worth and my bulbs and bullets have gone on with their growth and development without being checked by the dry weather. I am therefore in a position to offer you **QUALITY** stock as usual.

## Annual Fall Sale

**ALL ORDERS PREPAID. NO ORDERS ACCEPTED FOR LESS THAN \$1.00**

All STOCK true to name. Should any prove otherwise I will gladly replace or refund money. All stock clean and disease free.

If any stock received from me does not meet with your approval, if you will promptly return same I will gladly refund your money.

## EXTRAS AND COUNT

You will find I am very liberal with my high grade extras. My policy being to include extras of higher grade than order if possible. You will also find my count liberal.

### SHIPMENT

November 20th, or as near that date as possible. Orders filled in order received. I do not substitute without your approval but advise early orders as much of the rare stock I am offering is yet very limited in supply and will be the first to be sold out. ORDER THEM EARLY TO AVOID DISAPPOINTMENT.

### NEW PRICES

It is always difficult at the first of the season to know exactly what prices to make on some varieties. We try to work out in fairness to the buyers and growers and this price list is the result. Permit me to say however, that should any of my prices appear out of line after general publication of prices, I will see that additional bulbs are included of the varieties ordered to make compensation for same. Send your order in at once and don't worry about prices. J. H. will always give you your money's worth. Money back if you are not satisfied.

### PRICES

Three or six at dozen rate. Twenty-five at the 100 rate.  
 Two hundred and fifty at the 1000 rate.

The richest and most outstanding lavender self to date. Tall, sturdy, straight, well-formed spike. Wide open flower, 6 inches across. Of very heavy substance and heavily ruffled. A King among Kings and a masterpiece. I regard it as worth the money asked.

Dear Sir:

My orders of Glad bulbs came to hand today in good condition.

I have to thank you for great value in over count and extras. You certainly were liberal. By actual count I received 66 bulbs more than orders called for. I did not check up in actual value of these 66 bulbs but it must have been close to \$7.00 at catalogue prices. This on two orders totaling \$10.00 at Fall bargain prices. You may expect to hear from me again. Thanking you again, I am,

Dear Sir:

The proof of the pudding is in the eating, is an old saying, and while I note many customers write to people from whom they have purchased Plants or Bulbs, telling them of their safe arrival and how pleased they are with them, I have always made it a point to write after the stock has proved itself.

I purchased a small order of Glads from you last winter and they have surely proven themselves. I had Phipps, Golden Measure, Dr. F. E. Bennett and Pfitzer's Triumph 5 1-2 feet tall and with 2 feet bloom. Many people saw them and said they had never seen anything like them anywhere. The recent hot weather has been hard on them, but kept lots of water going, and held my bloom pretty well.

H. H. Groff, the former Canadian Hybridizer, is a great friend of mine and I have seen many, many acres of his Glads, but never saw anything finer than those I received from you.

I will be pleased to receive your fall list and will undoubtedly purchase some other varieties at digging time.

Very truly yours,

B. D. C.

Dear Sir:

Please accept my whole hearty thanks for the wonderful Glad bulbs that you sent me this Spring on the order which I placed with you last Fall.

The bulbs were not only of fine quality but in each lot I found a fine quantity and that was certainly appreciated.

The gift of the Dr. Bennett's and of the Marietta bulbs were most welcomed as well as highly appreciated. The bulblets, Marmora and Betty Nuthall, which you so kindly enclosed as an extra, are now growing nicely, some six inches high.

I expect to have some very fine Glads this year and feel that the bulbs that I got of you will help to make my garden a huge success.

Wishing you a very successful year, I am,

Very truly yours, J. R. D.
